

Niko Zografos

From the early days as a resident DJ for Ruby Skye in San Francisco, Niko Zografos quickly became the frontrunner in the U.S. for trance. Niko Zografos is known for his euphoric melodies driving trance, energy and pure passion which you see every time he steps behind the decks.

Aly & Fila first caught steam of Zografos after falling under the bewitching melodies of "Phoria", a collaboration with Mitka. The track was an instant hit when Zografos premiered it at a packed Ruby Skye, followed by instant support from Aly & Fila and Armin van Buuren. The track gained more worldwide with touching remix by French star Ferry Tayle.

Since then, Niko Zografos has been steadily rising with support and releases. "Revelation" was the first single from Zografos and an immediate winner for fans that want to hear elegant synths while tearing up the dance floor. Fans danced the track all the way up to the #7 on Beatport's trance chart. Then Zografos proved to be a sound to keep a look out for with his third release on FSOE, "Mykonos", which reached the #11 spot. Label heads Aly & Fila introduced the world to Zografos' Greek infused San Francisco tune "Mykonos" on their BBC Radio 1 Essential Mix. M.I.K.E. Push tweeted that this is "San Frans finest trance". Since then, Zografos has become a regular on record labels Aly & Fila's FSOE, Sean Tyas's Regenerate, & John O'Callaghan's Subculture. With over 35 releases to date, there's no slowing down in sight for this exciting U.S. Trance producer.

As one of the U.S.'s fast rising trance stars for the past couple years, Zografos was brought on to play for FSOE400 at the Civic National Civic San Jose and FSOE450 Los Angeles at the Hollywood Palladium. Niko Zografos achieved other milestones by playing Electric Daisy Carnival Las Vegas 2016, 2017, 2018 & 2019, Dreamstate SoCal 2016 & 2018, ADE In Trance We Trust 2017, POPNYE, and many clubs all over the United States! He also has performed in his ancestral home country of Greece playing the massive Bolivar Beach Club in Athens, as well as in Mexico City at Dreamstate Mexico.

There's no doubt the future is bright for this rising American talent.
